Vents-US / Kitchen and Bathroom Fans / X Star

X Star

Axial extract X Star fans are the perfect alternative for kitchens, bathrooms or toilets.

The fans are supplied with the lamp, which is shining while the fan works, such lamp makes attractive lighting without dazzling.

The fan can be mounted both on the ceiling and to the wall, and is compatible with the 4", 5" and 6" ducts. No additional mounting boxes or special niches are needed, just connect the fan to the air duct and fasten it with the screws.

The fans can be connected to the supply through a switch, cord or dimmer.

Caution: the fans must not be placed in the shower cabin or in the area where watersplashes can spread.

Features of X Star fans:

- Made of high quality ABS plastic
- 7-blades silent impeller
- Suitable for operation in ambient temperatures from 40°F to +100°F
- Compatible with 4", 5", 6" .
- Airflow from 27 up to 107 CFM
- Color options: white, mat grey (alumat)
- Integrated component design allows all parts to be dismantled for cleaning without
- the use of specialist tools
- Supply voltage 120V/1/60 Hz
- 5 years warranty

Modification options:

- Ball bearing motor X Star L
- Back valve X Star K
